Everything YOU Need to Know to Prepare for Your Adventure on the Ropes Course

- **Reservations.** Please call in as far in advance as possible for reservations. We do **NOT** run our ropes course without reservations. Adventures Unlimited must check the equipment, reserve facilitators, and plan your day. At least two weeks notice is suggested.
- **Directions and Arrival.** Make sure everyone in your group has good directions. (Attached below). A ropes course challenge is a **very full day**. We want to make sure that we get started on time. Please ask your participants to **arrive early**. Great directions and a solid idea of travel time help tremendously. If you have question, call our office at 850-623-6197.
- Wear **appropriate clothing** for the time of year. You will be outside, in the sun. If it is summer, please wear shorts and clothing that breathes. Hats are great for **keeping your head cool**. Even though this is Florida, it does get cold during the winter. Keep an eye on the weather report and dress accordingly.
- **You will be outside and in the forest.** Certain accessories can make that experience much more enjoyable. **Sunscreen and bug spray** are highly recommended. We also suggest that you bring a water bottle. (We will provide water.) For your convenience, we sell these items in our Country Store.
- Remember to leave only your footprints when you depart. **Please don't litter**. This includes cigarette butts.
- **Adventures Unlimited will provide all equipment.** We are required by our industry to follow **a very strict set of safety standards** to check and recheck all the equipment that is used on our ropes course. Experienced climbers will understand that we must use our equipment on our ropes course. We will be glad to take a look at your gear, but on our course, we use our gear.
- Please have all of the participants read this page and complete our Ropes Course release form before arriving. This form can be found on our website at: www.adventuresunlimited.com/ropes_preparation.html
